Knurled Angle Runner 90°

Product Benefits

Phillips Knurled Angle Runners are multi-purpose steel 90° angles ideal for bridging and backing around perimeters of ceiling, as a vertical attachment where gypsum partitions intersect with other surfaces, and other applications. Phillips Knurled Angle Runners are very versatile products and feature many benefits:

- Used in caged beam construction and used in place of studs and tracks in chase walls
- Apply as floor and ceiling runners
- Dozens of other applications
- Available in 25, 22 and 20 gauge
- Standard sizes are 1-1/2" x 1-1/2" and 2" x 2"
- Custom sizes available upon request
- Available in hot-dipped galvanized, Weath-Ex® and CHD coating

Certification

Phillips Knurled Angle Runners meet or exceed ASTM C 645 Standard Specification for Nonstructural Steel Framing Members

Storage

Avoid bending or other damage and store in a dry place protected from moisture.

Installation Recommendations

Phillips recommends installation in accordance with applicable ASTM standards and using prevalent industry standards. Reference materials include ASTM C 754, Gypsum Association GA-216, Gypsum Association GA-600 and Phillips Manufacturing's website (www.phillipsmfg.com).
