#1 Expanded Corner Bead

Product Benefits

Phillips #1 Expanded Corner Bead is designed to provide strong corner reinforcement for conventional plaster applications. This product features many benefits including but not limited to:

- Solid metal nose provides a straight, rigid ground
- 2-5/8" flanges can be easily flexed over irregular and uneven surfaces
- Plaster keys near solid nose provide reinforcement where needed most to ensure straight corners
- Available in both galvanized steel and zinc

Certification

Phillips #1 Expanded Corner Bead meets or exceeds ASTM A 653 Standard Specification for Steel Sheet, Zinc-Coated (Galvanized) or Zinc-Iron Alloy-Coated (Galvannealed) by the Hot-Dip Process.

Storage

Avoid bending or other damage and store in a dry place protected from moisture.

Installation Recommendations

Phillips recommends installation in accordance with applicable ASTM standards and using prevalent industry standards. Reference materials include ASTM C 841, ASTM C 1063 and Phillips Manufacturing's website (www.phillipsmfg.com).
