

Bullnose J-Round

**Product Benefits**

Phillips Bullnose J-Round provides a rounded edge around door and window jambs and features many benefits:

- Perfect to use with non-kerfed door jambs
- Shortened back flange which is useful if drywall encasing is not desired or not available
- Used by many as a trim
- Easy to install
- Features a 3/4" radius
- Available in both 1/2" and 5/8" widths

**Certification**

Phillips Bullnose J-Round meets or exceeds ASTM C 1047 Standard Specification for Accessories for Gypsum Wallboard.

**Limitations**

Product is designed for interior use.

**Storage**

Avoid bending or other damage and store in a dry place protected from moisture.

**Installation Recommendations**

Phillips recommends installation in accordance with applicable ASTM standards and using prevalent industry standards. Reference materials include ASTM C 754, Gypsum Association GA-216, Gypsum Association GA-600 and Phillips Manufacturing's website ([www.phillipsmfg.com](http://www.phillipsmfg.com)).
