

Everlast® Metal Drywall Corner Beads (Hot-Dipped Galvanized)

Product Benefits

Phillips Everlast® Metal Drywall Corner Beads provide superior corrosion protection and mud adhesion. These hot-dipped galvanized products are available in both square and bullnose profiles. Phillips Everlast® Metal Corner Beads feature many benefits:

- Minimum G-40 coating providing finest rust protection
- 3-step hot-dipped galvanized finishing process for superior performance
- Deeply knurled mud anchors on flanges for perfect mud adhesion
- Bullnose profiles provide smooth, rounded finishes
- Etched surfaces ensure quality mud adhesion
- Available in regular and open angle splay
- Bullnose profiles available in both 3/4" and 1-1/2" radius

Certification

All Phillips Everlast® Metal Corner Beads (square and bullnose) meet or exceed the following ASTM standards:

- ASTM C1047 Standard Specification for Accessories for Gypsum Wallboard*
- ASTM A653 Standard Specification for Steel Sheet, Zinc-Coated (Galvanized) or Zinc-Iron Alloy-Coated (Galvannealed) by the Hot-Dip Process

Limitations

Product is designed for interior use.

Storage

Avoid bending or other damage and store in a dry place protected from moisture.

Installation Recommendations

Phillips recommends installation in accordance with applicable ASTM standards and using prevalent industry standards. Detailed installation recommendations and drawings are available at www.phillipsmfg.com.

Made in the U.S.A.

Phillips is proud that all our beads, trims and accessories, including Phillips Everlast® Metal Drywall Corner Beads, are made in the United States of America.
