

Submittal Form

Flat Strap or Flat Stock

Product Benefits

- Phillips Flat Strap is a multi-purpose product used on a large number of applications and features many benefits:
- Commonly used as a backer plate to support shelves, cabinets, fixtures and handrails when installed to metal or wood framing
 - Deeply knurled for positive screw location and to eliminate wandering
 - Available in a variety of widths and lengths
 - Available in 25, 22, 20, 18 and 16 gauge

Certification

Phillips Flat Strap meets or exceeds ASTM C 645 Standard Specification for Nonstructural Steel Framing Members.

Storage

Avoid bending or other damage and store in a dry place protected from moisture.

Installation Recommendations

Phillips recommends installation in accordance with applicable ASTM standards and using prevalent industry standards. Additional industry reference materials are available from the following sources: ASTM (Standard C 754), Gypsum Association (GA-216, GA-600), SSMA and Phillips Manufacturing's website (www.phillipsmfg.com).
