J-400 Trim (Reveal Trim)

Product Benefits

Phillips J-400 trim provides edge protection around doors and windows or any partition junction openings. Phillips J-400 trims (reveal trims) feature many benefits:

- Hemmed edges for easy slip-on application
- No joint compound required for finishing
- 1/2" and 5/8" widths
- Available in hot-dipped galvanized or zinc bond coating

Certification

Phillips J-400 trims meet or exceed ASTM C 1047 Standard Specification for Accessories for Gypsum Wallboard.

Limitations

Product is designed for interior use.

Storage

Avoid bending or other damage and store in a dry place protected from moisture.

Installation Recommendations

Phillips recommends installation in accordance with applicable ASTM standards and using prevalent industry standards. Reference materials include ASTM C 754, Gypsum Association GA-216, Gypsum Association GA-600 and Phillips Manufacturing's website (www.phillipsmfg.com).
