## L-200 and Long-Leg L-200 Metal Trims

### Product Benefits

Phillips L-200 trims and Long-Leg L-200 trims are mudable trims and sturdy steel casing products. Phillips L-200 and Long-Leg L-200 trims feature many benefits:

- Maximum protection and a professionally finished wallboard edge at window and door jambs
- May be applied where wallboard abuts different surfaces such as suspended ceilings, plaster, beams, masonry and concrete
- No back flange for easy installation
- Long-Leg L-200 trim provides an extra long flange for extra coverage where needed
- L-200 trims feature a 1" flange and Long-Leg L-200 trims feature a 1-1/4" flange
- 1/2" and 5/8" widths
- Available in hot-dipped galvanized or zinc bond coating

### Certification

Phillips L-200 trims and Long-Leg L-200 trims meet or exceed ASTM C 1047 Standard Specification for Accessories for Gypsum Wallboard.

### Limitations

Product is designed for interior use.

### Storage

Avoid bending or other damage and store in a dry place protected from moisture.

### Installation Recommendations

Phillips recommends installation in accordance with applicable ASTM standards and using prevalent industry standards. Reference materials include ASTM C 754, Gypsum Association GA-216, Gypsum Association GA-600 and Phillips Manufacturing's website ([www.phillipsmfg.com](http://www.phillipsmfg.com)).
