U-200 Metal Trim

Product Benefits

Phillips U-200 trims are mudable trims and sturdy, channel type steel casing products. Phillips U-200 trims feature many benefits:

- Maximum protection and a professionally finished edge to wallboard at window and door jambs
- May be applied where wallboard abuts different surfaces such as suspended ceilings, plaster, beams, masonry and concrete
- 1/2" and 5/8" widths
- Available in hot-dipped galvanized or zinc bond coating

Certification

Phillips U-200 trims meet or exceed ASTM C 1047 Standard Specification for Accessories for Gypsum Wallboard.

Limitations

Product is designed for interior use.

Storage

Avoid bending or other damage and store in a dry place protected from moisture.

Installation Recommendations

Phillips recommends installation in accordance with applicable ASTM standards and using prevalent industry standards. Reference materials include ASTM C 754, Gypsum Association GA-216, Gypsum Association GA-600 and Phillips Manufacturing's website (www.phillipsmfg.com).
