

gripSTIK® Vinyl Flat L-Tear Strip

gripSTIK® Vinyl Flat L-Tear Strip provides a clean line at a variety of wallboard intersections. A one-size-fits-all product, the Flat L-Tear Strip is used where a straight edge is needed and there is not enough room at the intersection for the leg. The tear-off strip provides a protective edge and a guide for drywall finishing knives. Once the joint compound is applied, finished and painted, the tear-off strip is removed to form a clean, crisp line. Won't rust and impact resistant. Easy to cut with shears, knife or fine-tooth hacksaw.

Product Data and Ordering Information

Material: Extruded rigid vinyl; contains no asbestos
Part Numbers: FTSVYL

Length	Pieces Per Carton	Cartons Per Pallet	Feet Per Carton
8'	50	48	400
9'	50	48	450
10'	50	48	500

Drawing not to scale

All Phillips products are made in the U.S.A.
